## GLASS LIFTING EQUIPMENT HIRE

P: 0411 429 813 E: HIRE@GLASSLIFTERS.COM.AU W: WWW.GLASSLIFTERS.COM.AU

**SGL-1200 SWL 1200KG**

Some of the unique features of this rig include:

- SWL 1200KG
- Dual completely independent vacuum systems
- Dual vacuum pumps per circuit for quick attachment
- Dual batteries separated for each vacuum circuit for safer lifting of glass
- Hydraulic tilt function which can hold the glass at any angle 0-90 degrees
- Ability to charge and operate at the same time
- Dual locking pins for the tilt mechanism
- Oversized bearing packed slew ring for reduced resistance when rotating heavy glass
- Cabled remote, allows for easy attachment / release on large sheet
- Quick change & adjustable angle of the lifting eye

<b>Min Glass Size</b>	900mm x 800mm (at 300kg capacity) / 1600mm x 1050mm (at 750kg capacity) / 2700mm x 1700mm (at 1200kg capacity)
<b>Lift Capacity</b>	750kg (no extension arms) 1200kg (with extension arms) 75kg per connected pad
<b>Total Rig Weight</b>	180kg
<b>Rig Size</b>	1500mmL x 1100mmW x 250mmD / 2600mmL x 1580mmW x 250mmD (with extension arms)
<b>Tilt</b>	Manual - 90 degrees (with hydraulic tilt assist to hold load at any angle)
<b>Rotate</b>	Manual - 360 degrees unlimited, locks in every 90 degrees
